Your Small Business
Loan Approved

How does the program work?

We partner with local banks across the mainland US and Hawaii to help make lending more accessible for businesses connected to American Samoa. You'll work directly with your bank, and they'll work with us behind the scenes to help move your loan forward.

Is the program right for me?

If your business, including its affiliated companies, has fewer than 750 employees and has ties to American Samoa—through ownership, location, trade, or cultural connection—this program was built for you. We're here to help open more doors to grow your business.

How can it help my business?

This program can help you secure a loan for working capital, construction, real estate, or equipment. This isn't a grant, but a program that works with lenders to reduce their risk, thus making it easier for you to get a bank loan.

How do I participate?

Talk to your local bank about your business plans. If they're not familiar with our program, please share this flyer and ask them to contact the program to learn how we can support them in making your loan.

A program of the American Samoa Department of Commerce — funded through the U.S. Treasury's SSBCI 2.0.
